

Dr. Claus Vielsack

Member of Board of Management, Director of Product Development

Year of birth	1967
Nationality	German
Board member since	2014
End of current term	2023

Dr. Vielsack was appointed to the Board of Management in February 2014. He joined STRATEC in September 1998 and subsequently held various senior positions in product development. Since 2011 he has borne group-wide responsibility for technology development.

Prior to STRATEC, he held various positions as a program manager and gained experience in developing chemical applications and software solutions at diverse companies.

Dr. Vielsack studied chemistry at the University of Konstanz and obtained his doctorate there in physical chemistry.

Dr. Vielsack currently does not hold any other board memberships.
